Creative Aging’s mission is to provide arts and humanities programs that have a positive impact on the quality of life of older adults in the Greater Cincinnati Area. Creative Aging accomplishes its mission by bringing local area professional artists, performers and educators to present one hour long programs at senior centers, retirement communities, adult day care centers, nursing homes, independent senior living communities, recreation center seniors, church groups and other senior groups in the Greater Cincinnati area. Programs are designed to stimulate participant’s minds, creativity and sense of self as well as educate, engage, enrich and entertain.

Facilities that join Creative Aging choose between one of three levels that allow between 6-18 programs to be booked within their facility. Facilities also have the option to create their own specialized membership or add programs to their chosen level. Payment plans are available upon request.

Memberships are available to all facilities/groups in the Greater Cincinnati area serving senior citizens, those 55 years of age and older.
2017 Memberships

Three Options from which to choose:

Platinum Level
- 18 In-facility Programs
- Your facility name & hyperlink (provided by facility) on our Website
- Your facility name on Creative Aging Cincinnati brochures & programs
